

**“AN AGENCY CREATED BY AND FOR CREDIT MANAGERS...”**

## About Us

RMC was founded in 1990 by three experienced credit and financial managers with a vision to become a commercial agency that goes above and beyond the performance of current agencies. To achieve this, RMC believes it is essential to provide a service based on work-ethic, integrity, respect and positive attitude. One of RMC’s most notable manners of operation is that we are a 100% contingency based agency. With this vision in hand, RMC now has clients in a wide array of industries, a true testament to our legacy.
